Firefox Affiliates 2.0 connects you with your favorite Mozilla products

In 2011, we launched the Firefox Affiliates program, which allows you to embed buttons on your personal website to share your love of Mozilla. This program allows you to make our products better and support our mission with just a few clicks.

This week, we're proud to announce the new Firefox Affiliates' new look! With almost 100,000 affiliates and growing, we can join together to promote innovation, opportunity and openness on the Internet.

If you aren't a Firefox Affiliate yet, why don't you become one today? If you already are, we are sure you will love the new platform as much as we do and invite others to become one as well.

A long time Firefox user, Peiyong Lin first contributed to Mozilla in October, 2013. As a coder, he has written a variety of patches for both Firefox and Servo and also provided translation and volunteer encouragement for his local community.

Peiyong is a programmer finishing up his degree at Sun Yat-sen University in Guangdong Province in China and loves to dive into Firefox projects to grow with Mozilla.

Regarding his involvement, he says, "It's very exciting when you know that people may have a better experience when they get access to the Internet... Mozilla has the power to shape the future of the Internet. Wouldn't it be wonderful to get involved?"

Thank you for making the web a better place, Peiyong!
