Register Your Account

You'll need to create a free account to begin building your browser.

All fields marked with an asterisk* are required.

[note: remove all of the rest of the copy at the top of the page as it is repeated in the right-hand column]

UPDATE: will call this "profile" Under account details, simplify to: "We need some basic information about you or your organization in order to register the account. This information is only used by Mozilla and will never be shared. For more information, read our privacy policy."

If select personal, hide "organization name" and remove star from fax

Register a new account

This is your basic account information, and will be used to login to the Build Your Own Browser application. Your e-mail address will be used for account verification, status notifications, and password resets, and must be a valid address. If you are creating a customized version of Firefox for distribution by an organization, you must use an email account using that organization's domain name to ensure your submissions are approved.

All fields are required except those marked with an asterisk *

Login name Enter the account name you will use to login to BYOB (4-12 characters in length; alphanumeric, underscore, and hyphens only)

Email Verification will be required before your account is activated. If you are representing an organization, you must use an account with that organization's domain name or your submissions may be rejected.

Email (confirm) drolnitzky@mozilla.com

Password Passwords must be a minimum of six characters in length. If you forget your password, reset information will be sent to the email address above.

Password (confirm)

Account Details

We require information about you and, if applicable, the organization you represent. It helps us understand who is using BYOB, and to give us additional ways to contact you should the need arise. This information is used solely by Mozilla, and will never be shared with or sold to anyone else.

First Name Your given name.

Last Name Your surname.

Account type? Personal Organization

Organization Type Corporation

Organization Name Please indicate whether you are using the versions of Firefox you create for personal use (i.e. sharing with friends and family, etc.) or on behalf of an organization.

Phone Please enter the full, legal name of the organization here.

Fax Your daytime contact number, with country code (US/Canada is "1").

Website Your fax number, with country code (US/Canada is "1").

Street Address 1 Please provide the URL for your organizational or personal website.

Street Address 2 Please provide your current mailing address or, if representing an organization, your organization's mailing address.

For fields that are required, make sure to be consistent (e.g., right now the "Street Address 2 is required, but not "Street Address 1")

Remove this

Remove this -- add it to the field name: "Full legal name of the organization"

Simplify this copy to something like:

The screenshot shows a browser window with the URL <https://byob.mozilla.com/register>. The page title is "Registration successful". The main content reads: "Your account has been created, but is not yet active. An email containing information on how to activate your account has been sent to the address you provided. You must activate your account before you can login to the Build Your Own Browser application. Please check your email for this information, and activate your account. If you do not receive this email within twenty-four hours, please contact us at byob-help@mozilla.com. If you are using any spam prevention software, please ensure that byob-registration@mozilla.com is whitelisted. You can also use the button below to re-send the account activation email: [Re-send Account Activation Information](#)".

A red overlay on the right side of the screenshot contains the following text:

BYOB allows you to customize the look of your browser with special themes called Personas.

There are thousands of Personas to choose from, or you can create your own (it's really easy – just view the tutorial for details). Either way, we recommend using Personas if you want to brand your browser with a unique look.

If you'd like your browser to feature a Persona, check the box below.

Add-ons are small pieces of software that add features and functionality to your browser.

BYOB allows you to customize your browser with a set of Add-ons called a Collection.

If you have an Add-on Collection you'd like to include, can enter it below. If you'd like to create one, visit the Collections homepage (add link).

You can learn more about Collections and Add-ons here (add links).

Mozilla's Build Your Own Browser (BYOB) application creates a customized version of Firefox that can be publicly distributed. These customized versions of Firefox are licensed under the [Mozilla Public License \(MPL\)](#), and their installation files and contents are subject to the restrictions outlined in the [Mozilla Trademark Policy](#). By using BYOB and/or distributing the installers generated by BYOB, you understand and agree to this policy.

The rules governing this distribution, which are further outlined in the Mozilla Public License and the Mozilla Trademark Policy are:

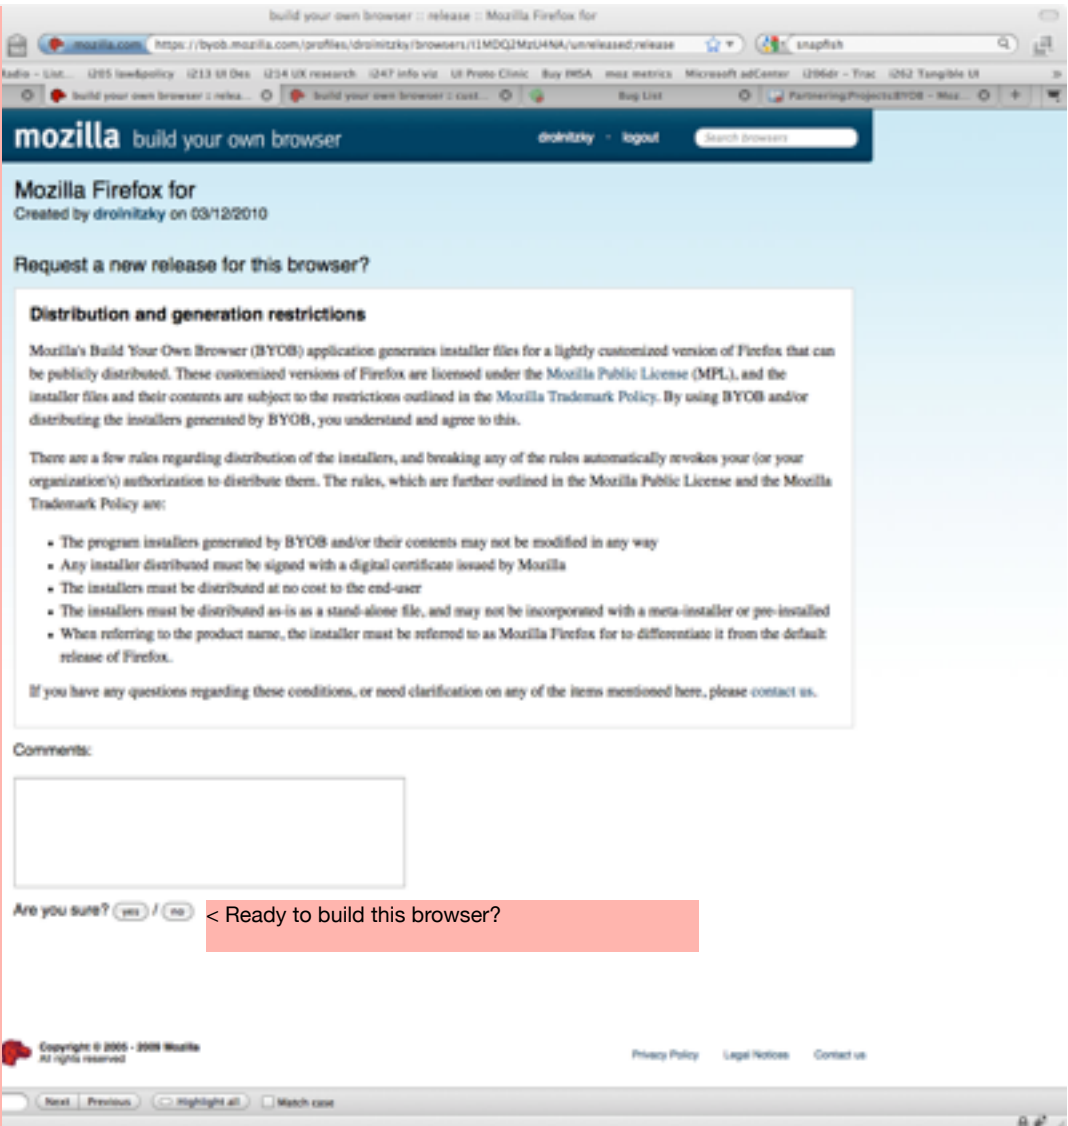

- The program installers generated by BYOB and/or their contents may not be modified in any way
- Any installer distributed must be signed with a digital certificate issued by Mozilla
- The installers must be distributed at no cost to the end-user
- The installers must be distributed as-is as a stand-alone file, and may not be incorporated with a meta-installer or pre-installed
- When referring to the product name, the installer must be referred to as Mozilla Firefox to differentiate it from the default release of Firefox.

BYOB account verification email (suggested copy)

DR note: if they already agree to the T&C's on the web app before they got this email, why are we sending the full copy again?

Hi [name], Thanks for registering for Mozilla's Build Your Own Browser (BYOB) application!

You're just a few clicks away from building your very own, customized version of a Firefox browser. With BYOB, create a browser with your choice of bookmarks, add-ons, personas, and localization of choice. Plus, you'll get a browser built with Firefox's world-class speed and security.

Before you get started, please remember that by using and distributing a customized version of Firefox, you agree to the program terms and conditions. You can review the terms and conditions here: <http://xxx.xxxxx.xxx> (DR NOTE: add a link to the T&C's here instead of putting a long laundry list which they already saw in the final step in the web app to generate this email)

BYOB is licensed under the Mozilla Public License (MPL), and their contents are subject to the restrictions outlined in the Mozilla Trademark Policy.

BYOB account verification email (current text for reference)

Subject line: Thanks for registering with Mozilla's Build Your Own Browser!

Greetings,

This is an automatically generated email from Mozilla's Build Your Own Browser (BYOB) application. The originating account is not monitored, so please direct enquires about this email to the BYOB contact page at <https://byob.mozilla.com/contact/>.

Someone (possibly you) has registered an account using this email address with the BYOB application. The account's login name is "drolnitzky". If you are that someone, you will need to follow the link below to verify your email address and complete the account activation process. We'd also like you to be aware of some conditions regarding the use of BYOB, and distribution of the browsers it creates.

BYOB generates installer files for a lightly customized version of Firefox that can be publicly distributed. These customized versions of Firefox are licensed under the Mozilla Public License (MPL), and the installer files and their contents are subject to the restrictions outlined in the Mozilla Trademark Policy (links to both documents are below), By using BYOB and/or distributing the installers generated by BYOB, you understand and agree to this.

Mozilla Public License
<http://www.mozilla.org/MPL/>

Mozilla Trademark Policy
<http://www.mozilla.org/foundation/trademarks/policy.html>

There are a few rules governing distribution of the installers, and breaking any of the rules automatically revokes your (or your organization's) authorization to distribute them. The rules, which are further outlined in the Mozilla Public License and the Mozilla Trademark Policy are:

- The program installers generated by BYOB and/or their contents may not be modified in any way
- Any installer distributed must be signed with a digital certificate issued by Mozilla
- The installers must be distributed at no cost to the end-user
- The installers must be distributed as-is as a stand-alone file, and may not be incorporated with a meta-installer or pre-installed
- When referring to the product name, the installer must be referred to using the title generated by BYOB to differentiate it from the default release of Firefox.

If you have any questions regarding these conditions, or need clarification on any of the items mentioned here, please contact us through the link below. If you agree to adhere to these conditions, then you can verify your email using the link below and get started with BYOB.

https://byob.mozilla.com/verifyemail?email_verification_token=c90f267f2081e2a89ae59b7054de27e5

Please click on the link above to complete the e-mail verification process and login to BYOB. If you believe this email was sent in error, please contact us through <https://byob.mozilla.com/contact/>.

Welcome aboard, and thanks for registering.
